DEPARTMENT OF ENERGY  
Federal Energy Regulatory Commission

Village of Lyndonville Electric Department

Project No. 2839-015

NOTICE OF AVAILABILITY OF ENVIRONMENTAL ASSESSMENT

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a new license for the Great Falls Hydroelectric Project, located on the Passumpsic River in the Town of Lyndon, Caledonia County, Vermont, and has prepared an Environmental Assessment (EA) for the project.

The EA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov/> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document.
